

Terrey Hills Girl Guides Hall ph 9486-3032

CUBS "RADIO NIGHT"

What

Manly Warringah Radio Society holds "Radio Nights" for Cub Scout & affiliated groups. These are fun nights with varied activities to open young eyes to the world of radio. We have a standard programme for the evening, but if your group happens to have a bit of a theme going please let us know and we will try to include the theme in our evening.

When

We will endeavour to match the night your group usually meets. On the night we aim to have your patrol start at 6:30 pm & finish at 8pm.

Where

We host these early evenings at our Radio Society HQ at the Terrey Hills Girl Guides Hall where we have everything set up. The address is Beltana Avenue, Terrey Hills. Our hall is on the corner of McCarrs Ck Rd and Beltana Avenue with street parking and entrance gate in Beltana Avenue. We'll be there just before 6:30pm.

Why

We are happy to promote Radio & associated techie stuff to anyone who is interested or just those looking to expand their horizons. We are an Amateur Radio society & as such we use volunteers from amongst our members to show the youth different areas in Radio. For more background on our society and these nights please refer to our website www.mwrs.org.au

Note that we kindly ask for a gold coin donation from each Cub to help us run these nights and that you provide adequate adult supervision. Please fill in 6 boxed details below & return to vk2mb@mwrs.org.au:
